I and the Tuesday morning ladies golf league would like to acknowledge how professionally represented your banquet staff, Wanda/ Bar, restaurant manager & Beth/ head chef, were for our ladies friend/ guest day golf luncheon on Tuesday, July 28<sup>th</sup> 2009. Their organization and attentiveness to responses from start to finish including working with us on cost setup to special requests the evening prior to the event were with no question fabulous and outstanding. The staff, Wanda and Beth handled all the banquet entrees and liquor orders promptly and well presented with a great attitude which we appreciate very much! We also experience the same each Tuesday during our lunch.

This reflects on future business and I would consider their talents in our needs next year.

Respectfully submitted by,

Char D. / Guest day chair
